The Commercial Economy Board of the National Council of Defense is urging merchants to do away with needless deliveries.

In fact, within the next two weeks retail merchants in all towns of 2,500 or more, will be asked to adopt the entire retail delivery program of the above board, according to plans set under way in a conference in Washington, January 15.

Commencing February 1st we will make but two deliveries a day—one in the forenoon and one in the afternoon. If you will place your orders early we are quite sure you will be pleased with this plan.

KENOSHA PLAN IS  
FORMALLY ADOPTED  
FOR ALBUQUERQUE

Thorough Investigation by  
Council of Defense Committee  
Results in Official Approval of War Fund Giving.

The Kenosha plan, which has proved extremely successful in Kenosha, Wis.; Rome, N. Y.; Muskegon, Mich., and many other cities throughout the country, was formally adopted for the city of Albuquerque by the committee representing the Bernalillo County Council of Defense, following a thorough investigation in the plan. Formal action of adoption was taken at a well attended meeting of the committee at the Chamber of Commerce yesterday afternoon.

The week beginning February 12 was set for a campaign, which will have as its purpose the filling of Albuquerque's war chest. From the chest will be paid all donations that Albuquerque will be required to give for patriotic purposes, endorsed by the government, for the year 1918, including Red Cross, Y. M. C. A., Knights of Columbus, Y. W. C. A. and other organized work. The war chest fund, however, will not be used for, liberty loan bonds or thrift stamps.

At the meeting yesterday afternoon Charles F. Wade, chairman of the publicity committee, read the material which had been prepared for a pamphlet explaining the Kenosha plan in English and Spanish. Thousands of these pamphlets are to be distributed in Albuquerque and Bernalillo county by uniformed messenger boys at the time of the opening of the campaign. Mr. Shepherd, of the forest service, a member of the publicity committee, offered to the committee suggestions for motion picture slides and placards.

The Kenosha plan, briefly, is to have every man and woman employed, or with means, to contribute to a fund at least 1 per cent of his total earnings or income for the year 1918. The fund thus collected, systematically, and at a minimum of expense, will be expended by an executive committee, in such amounts as may be determined should be expended, based on Albuquerque's proportion of the money to be raised in the nation for war work approved by the government.

The plan has worked so well in other cities, and has received such popular and unstinted praise and approval, that the Albuquerque men behind the movement, already endorsed by many local lodges and organizations, are confident of its success here.

100 WOMEN ATTEND  
DEMONSTRATIONS AT  
CHAMBER OF COMMERCE

The "Meatless Tuesday" program given at the Commerce building yesterday afternoon under the direction of the local women's auxiliary of the State Council of Defense was a complete success. More than 100 women attended the lectures and demonstrations in the afternoon. Miss Tura A. Hawk, state leader in home demonstration work, representing the state college, gave several interesting demonstrations in preparing and serving meat substitutes. The demonstrations were enlivened by volunteer recitations by ladies who gave their experiences in preparing war-time dishes to take the place of meat.

A pleasing feature of the program was a lecture late in the afternoon by Mr. Cullen, of the federal food administration, who is in the west on official business. He left Washington only a few days ago and before leaving had opportunities to talk to men who had recently returned from abroad. Conditions in European countries are simply beyond words, Mr. Cullen said, with many people, and aged persons, dying of starvation. Mr. Cullen asked the women not to criticize war measures such as the coal order recently issued by Fuel Administrator Garfield. He declared that the federal officials are in possession of all the facts in a given case, and that they act only when absolutely sure of their ground.

Today will be "Wheatless day," at the Chamber of Commerce. Lectures and demonstrations will begin at 10 o'clock and last until 12, and in the afternoon the session will be from 2 to 4. Miss Hawk will tell today of wheat substitutes, including corn, rice, oatmeal and graham meal. Tomorrow will be "Sugarless day."

RUMMAGE SALE FOR  
BENEFIT OF RED CROSS  
WILL OFFER BARGAINS

Wonderful bargains will be offered at the Red Cross rummage sale, ladies in charge of the affair, stated yesterday. Clothing, china, cut glass, pictures, books, furniture and kitchenware are to be sold at remarkably low prices. The sale will take place Thursday, Friday and Saturday in the Occidental building, Second street and Gold avenue.

Ladies in charge of the sale want every man, woman and child in Albuquerque to attend to help the Red Cross. They will accept articles for sale. Any person who has anything saleable which he wishes to make do its "bit" for the Red Cross should telephone Miss Erna Ferguson. Her telephone number is 1329-W. She will make arrangements for haulage.

**BITNER HOUSE**  
319 1/2 South First. Nice clean rooms; light housekeeping rooms. Phone 221.

COOLEY PROMISES A  
WOMAN COUNTY AGENT

A woman county agent for Bernalillo county was promised yesterday by Director A. C. Cooley, of the extension service of the state college, provided county commissioners pay \$500 toward the expenses of maintaining the worker. The state and federal government will pay \$1,400 toward the work. It is figured that the salary of a woman county agent will be \$1,200 and her traveling and other necessary expenses \$1,000.

There is now a county agent in almost every county in New Mexico, according to Mr. Cooley. Four counties have women county agents. Director Cooley plans to have a county agent here soon to take the place of H. C. Stewart who recently resigned to direct an agricultural enterprise west of Albuquerque.

3 WORKMEN REGISTER  
FOR WORK IN SHipyARDS

Three workmen registered at City Clerk George D. Hammond's office yesterday, indicating their willingness to work in shipyards if the federal government calls for them. They were the first registrants. They were two carpenters and a laborer.

City Clerk Hammond said that although only three men and enrolled for service a fairly large number had made inquiries as to enrollment. Part of this number, at least, will register later, he believed.

The city clerk had not received enrollment blanks yesterday, but he will register workmen who apply, making memoranda of their qualifications to be transferred to the blanks when they arrive.

CHAMPION TAGGER WILL  
RECEIVE PRIZE TODAY

Some 6,000 shovels are to be tagged in Albuquerque today, if plans of the fuel administration are executed. School children are to tag all the shovels that they can obtain access to. Tags furnished them bear trite reminders to shovel wielders to go easy on the black diamonds. The boy or girl in Albuquerque tagging the greatest number of shovels will have the honor of tagging Mayor C. F. Wade's shovel at the city hall at 4:30 o'clock this afternoon. He will get a \$5 bill donated by Donald Young, executive secretary of the fuel administration. A second prize of \$2.50 was hung up last night by a man who asked that his identity be not disclosed.

WILL GIVE 'OLD FOLKS'  
CONCERT NEXT MONTH

The music department of the Woman's club will give "Ye Old Folks" concert early in February. The exact date has not been set. The concert is an annual affair. Receipts will go to the fund for the conduct of child welfare work next summer by the child welfare department of the club. The concert will be staged under the management of Mrs. F. Hardin and Mrs. A. M. Morrisette and this year's promises to surpass even those given in the past. The committee in charge is made up of Mrs. Hardin, Mrs. D. R. Boyd, Mrs. Morrisette and Mrs. John W. Wilson.

WILL FURLOUGH  
SOLDIER WITNESS  
IN MAZON CASE

District Attorney Craig Learns  
That David Armijo Will Be  
Permitted to Testify at  
Trial.

District Attorney George R. Craig learned yesterday that he could bring David Armijo, a member of the national army, to Bernalillo, Sandoval county, as a witness at the trial of Leopoldo Mazon, charged with murder. A letter from Camp Funston, Kans., where Armijo is stationed, told the district attorney that he would be granted a furlough.

The fact that District Attorney Craig will be able to place Armijo on the stand means that the trial will take place at Bernalillo at the February term of the district court. The term will open next Monday, but the trial will not start until February 11 and the trial will not start before that date. The grand jury will be in session the first week of the term.

The district attorney probably would have asked for postponement of the trial if Armijo could not have come. He was one of the prosecution's chief witnesses. He was with Patricio Gonzales, fire department chauffeur, whom Mazon killed, on the night in November, 1916, that Mazon shot him. This will be the second trial of Mazon. He was tried here at the March, 1917, term and the jury returned a verdict of guilty of murder in the first degree. Persons who had followed the trial closely expressed surprise at the verdict. District Judge Reynolds granted a new trial and later granted a change of venue because Neill B. Field, chief counsel for Mazon, believed he could not get a fair trial in Bernalillo county. The case was transferred to Sandoval county.
